

# GALLERY OF CARVINGS CURRENTLY AVAILABLE FOR SALE

Welcome to my virtual gallery of carvings I currently have available for sale. These are pictures of the actual carvings and not likenesses. All carvings have been hand carved by myself and made from basswood except as noted. The date finished and special awards are indicated below each carving. Most carvings shown are available for immediate shipment. Please contact me for additional information or additional views of those shown. When ordering, please specify description and piece number. If for any reason you are not satisfied with any of the carvings after you receive them, you may return them for a full refund.

To view all fan carvings including those made by my father George, please refer to my internet store.

Stop back often as my gallery is always changing.
